**PETITION UNDER RULE 1.53(e) TO INSERT
MISSING PAGE OF SPECIFICATION**

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Applicant hereby petitions under Rule 1.53(e) to insert Page 4 of the
Specification of the above-referenced patent application filed on July 22, 1999. This
petition is accompanied by the fee set forth is §1.17(q).

This application was filed with 31 pages of specification as attested to on the
return postcard (copy attached) which contains the Patent Office mail room stamp.
Our file copy contains all of the pages including Page 4 which appears to be missing
from the PTO copy. Our file copy was produced as a photocopy of the papers sent to
the Patent Office. Therefore, there is a presumption that all of the pages were sent
to the Patent Office. The Patent Office did not contest the page count at the time it
returned our postcard. Therefore, the page in question is presumed to have been
lost within the Patent Office.

PATENT
82351.0002
Serial No. 09/359,026

Applicants hereby petition the Commissioner to have page 4 inserted into the patent file of this case without altering the original filing date of the application. In addition Applicants note that the missing page is largely contains figure descriptions. Therefore, its addition to the case probably does not add new matter.

If there are any fees due in connection with the filing of this response, please charge the fees to our Deposit Account No. 50-1314.

Respectfully submitted,

HOGAN & HARTSON L.L.P.
